Dear Sir:

In accordance with Rule 1.56 and MPEP Section 2001.06(a),
References AL and AM listed on Form PTO-1449 are cited and discussed on Page 3
of the Substitute Specification and are brought to the attention of the Examiner as
being possibly material to examination of this application.

Applicant received a copy of Form PCT/DO/EO/903 and notes that the
U.S. Patent and Trademark Office has received and thus the National Stage file
contains a copy of the International Search Report and copies of the references cited
in the International Search Report. Applicant understands that pursuant to MPEP

Serial No.: 09/913,995

1893.03(g), the Examiner will consider the references cited in the International Search Report, without any further action by Applicant under 37 CFR 1.97 and 1.98. Because there is no requirement for the Examiner to list the references cited in the International Search Report, Applicant will understand that the Examiner has in fact considered the references cited in the International Search Report.
